COMMISSIONERS' REPORT

To the Citizens of Carroll County:

Agreeably to the Laws of the State of New Hampshire, we hereby submit our annual report for the year ending December 31, 1931, with a statement of the financial condition of our county, including reports of the Treasurer, Superintendent of the Farm, Solicitor, Clerk of Court, Sheriff and other officers.

Owing to the general depression throughout the county, expenditures have considerably increased during the past year. On account of the unemployment situation many families have required assistance who heretofore have been self-supporting.

The damage caused by fire in the latter part of the year 1930 has been completely restored and the farm buildings are in excellent condition at present. A new heating system and electric refrigerator have been installed during the year. The work done on the land this year has been more than ever before as a large acreage has been cleared for pasturage and cultivation and abundant crops were raised. Old stone walls have been removed giving an improved appearance.

Many improvements have been made at the County Home under the direction of Superintendent and Mrs. Craig which has brought much happiness and comfort to the inmates. The County is very fortunate to have Mr. and Mrs. John Craig as Superintendent and Matron of the Institution and we extend to them our thanks for their efficient services.

It is always gratifying to us to have taxpayers of the County visit the County Home and see how it is operated and if any suggestions for the betterment of its affairs can be made, they will be heartily welcomed and taken under consideration.

We wish to express our most hearty appreciation to the various county and town officials for their cooperation through-out the year, and especially do we thank the various public spirited citizens and societies, interested in charity work, for their gifts during the year and at Christmas, thereby aiding materially in our efforts in spreading cheer at the County Home.

The Commissioners meet the first Tuesday of each month and will be pleased to see the selectmen, or any others who are especially interested in the Home on that day.

CHARLES E. SMART,
HORACE RUST,
CHARLES M. TOWLE,
County Commissioners.

SOLICITOR'S REPORT

To the Commissioners of Carroll County:

During the last year the Sheriffs have worked faithfully, and solved nearly all the crimes committed in the County. The outstanding exception is the killing of Giacchino Di Ciaccio. Although a detective was employed on this case for about a month, no definite information was obtained regarding the actual killing.

This fall there were a series of breaks in Effingham, Wakefield, Wolfeboro, Moultonboro, and Sandwich. Four men are held at the State Prison in Vermont serving sentences of from five to ten years, who participated in some of these breaks. Three men are held in Maine, two of them are serving sentences of from seven to fourteen years, who did the other breaks. In each case part of the stolen property has been recovered.

I would suggest that there is a great need in this county for the installation of an identification system. At the present time the only records kept are a man's name and address, and offence for which he is charged. It is my belief that facilities for taking photographs and fingerprints would show that many of these men have criminal records outside of the County.

Respectfully submitted,

PRESTON B. SMART.

Report of Superintendent of County Farm

As we enter the year 1932, we are gratified to know that we have been able to make so many improvements in 1931 for sanitation and comfort of our inmates, and also for appearance.

We have been furnished a new central heating plant which has added to comfort and convenience and has removed a fire hazard from the main buildings.

We have moved the lavatories, and bath room from the men's walk of the men's dormitory to the annex with an eye to sanitation and convenience. We have added a kitchen to the hospital which is practically completed.

We have a new frigidaire that can't be beat; it works perfect and saves a large amount of food that we used to lose in the old ice box; also we can keep a larger supply of meat, enabling us to buy in larger quantity, at a saving.

We have cemented the dairy barn cellar; it gives us a good place to house our young pigs and shoats. We have also moved a large quantity of stone walls that has added to the appearance of the property, not to mention making fields easier to work, and adding to acreage. And in addition other improvements not mentioned.

We want to express our thanks to the Commissioners for all they have done for the comfort of the inmates and also for their thoughtfulness of our welfare.

We want to thank all those through the County that have helped us in ways too numerous to mention.

Also our summer residents that have shown so much interest and for several valuable presents that have added to entertainment and comfort of our people. We want to thank the different ministers who have co-operated with us and have been so kind to our people. We want to thank all our employees for their loyalty through the past year.

Respectfully submitted,

JOHN W. CRAIG, Superintendent,

MARY J. CRAIG, Matron.
